ASAD SHARIF

FRONTEND DEVELOPER

+92 300 9628704 │ asadsharif1270@gmail.com │ github.com/asad-sharif │ www.asadsharif.me

---

SKILLS

- **Programming Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3
- **Frontend Libraries & Frameworks:** React, Redux Toolkit, Material-UI (MUI), Tailwind CSS, Shadcn
- **Backend & Server-Side Technologies:** Node.js, Express, MongoDB, RESTful API Development
- **Design & Development Tools:** Figma, Git, GitHub, Netlify, Vercel
- **Core Competencies:** Responsive Design, Debugging, and Optimization

PROFESSIONAL EXPERIENCE

MERN Developer · VisionBird Technologies · Nov - Present

Frontend Developer · VisionBird Technologies · July

- Worked on building MERN stack projects, focusing on creating user-friendly CRUD APIs and responsive interfaces using React and Material-UI.
- Integrated the frontend with the backend, ensuring smooth data flow and a seamless user experience.
- Actively participated in debugging and improving application performance while contributing to team discussions and code reviews.

Frontend Developer · Au Softs · Sep 2023 - Dec 2023

- Developed responsive web interfaces and ensured seamless browser functionality.
- Collaborated with senior developers to implement new features and optimize performance.
- Contributed to code reviews, enhancing overall code quality and team efficiency.

PROJECTS

Elevation Ex · MERN, Redux-Toolkit, JWT, MUI

A **full-stack E-commerce** Platform for Export Operations

- Developed the platform with JWT-based authentication, product management, and order processing.
- Created a responsive, user-friendly UI using React and Material-UI, ensuring cross-device compatibility.
- Applied Redux Toolkit for precise state control, ensuring fast and reliable updates across the app.

Clarity · MERN, Redux-Toolkit, JWT, Shadcn

A Secure and Efficient **full-stack Task Manager**

- Built a full-stack task management app with Node.js, Express, and MongoDB using JWT auth.
- Designed RESTful APIs for user and task management with validation and error handling.
- Secured routes with middleware to enforce user access control and data integrity.

EDUCATION & CERTIFICATIONS

Bachelor of Science in Software Engineering
University of Gujrat

Frontend Developer Specialization Certificate
Meta

Responsive Web Design Certificate
FreeCodeCamp
